Setting: LANDSCAPE

Description:
Callalope Plantation - Whole Tract is a hunting plantation located minutes from downtown Savannah GA and Bluffton SC. This 1431 Acre tract is a prime development property which has had all of the due-diligence work done, a conceptual land plan and is ready to be annexed into the Town of Hardeeville. Callalope because of its location is a Great Investment and development opportunity. Celia W. Dunn Realty Co. of S.C.,LLC.

IDX

vs

VDX

How do your clients want to see their choices?

Virtual Data Exchange

Virtual Data Exchange (VDX) is a new application that integrates the entire Hilton Head MLS property listing database right into your current website, without the boxes and multiple drop downs necessary in the current IDX. VDX increases the "stickiness" of your website by providing automatically generated virtual tours, branded house brochures, mortgage calculators, instant lead generators, light box photo display, keyword search, and much more. VDX makes you, the agent, look more professional!

Set up your appointment to see the future of MLS Data Integration by calling or emailing us today.
